

PV-1000

High Definition Portable DVR

Law Enforcement Grade Equipment

Features

Above 720p High Definition Recording

Six recording modes selectable from lowest 320X480@30fps to highest 1280X960 @30fps

Video Recording and Photo Capture

Allows you to take still pictures while recording or when playing back videos.

Adjustable fps(frame per second)

To user's preference fps is adjustable, ranging from 1fps to 30fps

Tamper-Proof Frame Counter

Watermarked with a counter indication in each frame. The recorded video file is tamper proof, a solid evidence for law enforcement units

Pre-Event Recording

Ideal function for police and security guard, as soon as the record function is triggered the video automatically trace back 30 seconds before the record button is pressed. No incident will be missed, everything is recorded.

Multi-Layer Password Protection

Absolute security password protection over power on and USB connection to prevent unauthorized data download/deletion.

Documentary Log File Ready

The log file documents all activities on the unit from the moment when the unit is turned on until power off. A solid evidence to the court.

Law Enforcement Grade DVR

Each unit has a unique serial number and allows the police officer to enter his badge number. When recording these two numbers are embedded onto the videos for evidence management.
