# PACKAGE CONTENT

---

1. The LongLife module
2. Battery charger
3. Cable
4. 3M Sticker for easier placement

# USEFUL INFORMATION

---

If battery is fully discharged, charging will start 3 min after connecting the device into power supply.

**We recommend to format battery before you start using the device.** Charge the device at least 10 hours and then let it discharged. Repeat three times. After device will be fully formatted, charge it for 8 hours, ideally.

Please note, **quality of mobile signal in the place of installation strongly affects quality of interception**

When device is not rechargeable, re-insert SIM card or re-charge the device

When call back function doesn't work properly, even if activated, re-insert SIM card
