## Cellphone Like Portable DVR

### Portable Surveillance DVR Series

#### Feature

##### Perfect Disguised for Intelligent Use

The world first intelligent use PVR disguised by a cellphone outlook design along with variety special features for law enforcement surveillance use.

##### Overall Concealed design in hardware & software

Not only the cell-phone outlook design, a regular phone standby screen convince more the disguise thoroughly

##### Concealed Built-In Hi-Res. Pinhole CCD Camera

Shooting directly via the built-in mini Hi-Resolution/ Low-Lux pinhole type CCD Camera with the concealed profile design

##### Instant Recording key designed

Featured one instant-recording switcher on the side can start the recording task in any moment

##### Concealed PVR menu Call Out via special Key

The unit can be set always started under a disguised cell-phone standby screen, the concealed PVR menu must only be called out via pushing a series combination keys

##### Able to work with an external camera

Able to directly connect with the various external body-worn type hidden camera which extend the working range dramatically

##### Operated Under Power-Off Status

The unit can even operated under the most concealed power-off status, by making off the screen & freezing the keypad, achieving most crucial surveillance occasion

#### Specification

|                       |   |
|-----------------------|---|
| Item Number           | PV-900NCK & PV-900PCK                     |
| Display               | 2.2 OLED Monitor                          |
